Profile Summary

As a Final year Electronic Engineering student with a strong foundation in core concepts .I possess a keen ability to analyze complex problems and develop effective solutions. Additionally, my proficiency in soft skills such as communication, teamwork, and adaptability allows me to effectively collaborate with diverse teams and thrive in dynamic environments. With a passion for innovation and a commitment to excellence, I am eager to apply my skills and knowledge to make meaningful contributions .

Education skills

- 10th marks 80% CBSE board
- 12th marks :73.23% HSC board
- currently pursuing education in B.tech degree at Pimpri Chinchwad College of Engineering in Electronics and Telecommunication field.
- B.Tech current CGPA : 8.01
- Courses:
 - 1.completed android and web development course
 - 2.completed python course .

Skills

Hard Skills

- Programming languages such as C, Python, C++ and Java
- Software development tools such as Eclipse ,arduino ide and Visual Studio
- Android and web development .
- Solving competitive programming problems
- Tinkercad ,Figma and Canva (for designing)

Soft Skills

- Communication
- Teamwork
- Adaptability
- Problem-solving
- Time management
- Leadership
- Creativity.

Projects

- Current sensing and measuring device.
- Fitness app .
- Object Detection app.
- Sentiment Analysis of Reviews.
- Created frontend web Designs for eg. Gym design ,personal portfolio etc.

Work Experience

- Worked as Artificial intelligence and data scientist intern at skylark BPO

Achivements

- codechef - 2 star

Other Experiences

- Worked as Campus Ambassador and attracted student to join particular programs
- In ETSA(Electronics Telecommunication Student association) had done publicity to join event and we successfully secured large amount of participants.

Hobbies

- Love to do Gym.
- Listening to music.
- Driving
- Designing
